## Legenda

**Zastavene území**

A001 - zastavěné území

**Technická infrastruktura - vodní hospodářství**

Prušice A044 - vodní zdroj

A044 - pásmo hygienické ochrany (stupně I., II., IIa. a IIb.)

A067 - úpravna vody

Oleška

The figure is a map of the Czech Republic with several lines and symbols overlaid. A thick grey line represents the border of the Czech Republic. A thin grey line starts from the top left, goes down the western side, then turns north through the center, ending at a purple triangle labeled 'A071 - výrobna elektřiny - vodní'. Another thin grey line starts from the bottom left, goes up the eastern side, then turns north through the center, ending at a purple square labeled 'A072 - elektrická rozvodna - VVN'. A third thin grey line starts from the bottom left, goes up the eastern side, then turns north through the center, ending at a purple square labeled 'A072 - elektrická stanice - VN'. A fourth thin grey line starts from the bottom left, goes up the eastern side, then turns north through the center, ending at a purple square labeled 'A073 - elektrické vedení VN'. A fifth thin grey line starts from the bottom left, goes up the eastern side, then turns north through the center, ending at a purple square labeled 'A073 - elektrické vedení VVN'. A legend on the right side contains five entries: a purple triangle for 'A082a', a purple square for 'A082a', a purple line for 'A082a', a purple dashed line for 'A082a', and a blue diagonal striped box for 'A082a'.

The legend is located in the bottom right corner of the map. It contains six entries, each consisting of a small icon followed by a label:

- telekomunikační zařízení - vysílač (radio relay station)
- telekomunikační zařízení - převadeč, ustředna (radio communication equipment - repeater, central station)
- komunikační vedení (communications line)
- radioreleový paprsek (radio-relay beam)
- OP telekomunikací (OP telecommunication)
- Dopravní infrastruktura - telekomunikace (transport infrastructure - telecommunications)

The map displays several civil protection symbols and their corresponding codes:

- A107 - objekt sloužící obraně** (brown cross symbol)
- A109 - zóna havarijního plánu** (grid symbol)
- A110a - sklady civilní ochrany** (circle symbol)
- A110a - stálé úkryty civilní ochrany** (circle symbol)
- A110a - stanice HZS** (red shield symbol)

Annotations on the map include:  
- "Voděrady" near the A109 symbol  
- "Hlavní město Praha" (Main city Prague) spanning the central part of the country  
- "Oblastní hranice" (Regional border) indicated by a dashed line  
- "Letecké pásy letiště" (Airfield runways) indicated by a grey shaded area  
- "Zákáz staveb na letišti" (Building ban on the airfield) indicated by a grey shaded area

The figure shows a map of the town of Lošany. Overlaid on the map are several boundary lines represented by thick grey lines. A legend on the left side of the map lists five types of boundaries, each associated with a purple-outlined box:

- A118a - hranice SO ORP Kutná Hora
- A118a - hranice SO POÚ
- A118a - hranice obcí
- A118a - hranice katastrálních území
- hranice okolních obcí

Specific locations labeled on the map include Lošany and Kbel.

The image shows a map of the Czech Republic with several regions outlined in blue and purple. A red triangle points to the town of Starý Kolín. The map includes a grid pattern and various symbols such as crosses and arrows.

This geological map shows the following features:

- Kobylnice**: A purple-shaded area representing a geological unit.
- k. u. Svatá Kateřina**: A yellow-shaded area representing another geological unit.
- Geological Units with X Pattern**: A large blue-shaded area containing a grid of 'X' marks, representing a third geological unit.
- Geological Units with V Pattern**: A purple-shaded area containing a grid of 'V' marks, representing a fourth geological unit.
- Red Lines**: Major geological boundaries or faults.
- Blue Line**: A dashed blue line representing a stream or river bed.
- Black Squares**: Two black squares mark specific locations: one in the purple 'X' area and one in the purple 'V' area.
- Red Arrowheads**: Indicate the direction of geological dips or specific geological features.

The map shows the area around the town of Bernardov. Key features include:

- Bernardov**: The town itself, marked with a red triangle.
- k. ú. Bernardov**: The cadastral unit, shown as a purple polygon.
- Road Network**: Shown in various colors (red, green, blue) with dashed lines indicating unpaved roads.
- Water Bodies**: Shown as grey areas.
- Boundaries**: Shown as thick purple lines.
